We are The Children's Hospital VOLUNTEERS, a 501(c)3 charity.

Being a patient can be a scary, overwhelming & a not-so-fun time – away from home, school, friends & ordinary life. Our programs help kids smile, laugh, cuddle, play, & create as much as they can while they are here.

We partner with our Child Life Specialists to choose toys & activities that help kids reduce stress, be social, stay active, meet developmental needs & PLAY at the hospital.
